Backcountry Barkers

FURst Aid Kit Checklist

In addition to extra food and treats, here's what to have on hand when you're out on the trail with your tail-wagging best buddy.

Wound Care

- 🐾 Antibacterial ointment
- 🐾 Cotton balls or clean bandana — to wipe wounds with cleaning solution
- 🐾 Eyewash/saline solution — to rinse wounds or eyes
 - 🐾 Gauze pad (nonstick)
 - 🐾 Vet medical wrap
- 🐾 Wound cleaning solutions like alcohol wipes, hydrogen peroxide or betadine wipes

Allergic Reactions

Diphenhydramine (Benadryl) for allergic reactions from insect bites or stings

Gear

- 🐾 Extra leash (small slip lead)
 - 🐾 Dog booties
- 🐾 Muzzle: Dogs in pain are unpredictable, so best to be prepared if you need to treat or stabilize an injury in the backcountry
 - 🐾 Tweezers or multitool to remove small thorns or ticks
