FURst AID KIT
CHECKLIST

Oregon State University
Backcountry Barkers FURst Aid Kit Checklist

In addition to extra food and treats, here’s what to have on hand when you’re out on the trail with your tail-wagging best buddy.

**Wound Care**
- Antibacterial ointment
- Cotton balls or clean bandana — to wipe wounds with cleaning solution
- Eyewash/saline solution — to rinse wounds or eyes
- Gauze pad (nonstick)
- Vet medical wrap
- Wound cleaning solutions like alcohol wipes, hydrogen peroxide or betadine wipes

**Allergic Reactions**
Diphenhydramine (Benadryl) for allergic reactions from insect bites or stings

**Gear**
- Extra leash (small slip lead)
- Dog booties
- Muzzle: Dogs in pain are unpredictable, so best to be prepared if you need to treat or stabilize an injury in the backcountry
- Tweezers or multitool to remove small thorns or ticks
