

## **Advertisement:**

**Veterinary Pathology Resident** - Oregon State University, College of Veterinary Medicine, Department of Biomedical Sciences, invites applications for a Veterinary Anatomic Pathology Resident (one position). Diversity is essential to the mission of Oregon State University. The Department of Biomedical Sciences embraces the University's commitment to providing an inclusive, diverse, and welcoming environment for students, faculty, staff and the public, and recognizes the enrichment such diversity brings to the campus, the workplace and stakeholder experience.

The position is a full-time fixed term appointment of up to three years (renewable annually), with reappointment at the discretion of the Department Head. Programs combining anatomic pathology training with MS or PhD degrees are available for interested and suitably qualified applicants. The starting salary is \$32,280 per year with benefits.

Pathology residents will participate in the diagnostic duties of the Oregon Veterinary Diagnostic Laboratory (OVDL), instruction of professional students, and scholarly activity. Required qualifications are a DVM or equivalent degree, a strong academic record, and demonstrated commitment to a career in pathology. Strong verbal and written communication skills and the ability to work in a small team as well as self-directed are also required. Preferred qualifications include a demonstrable commitment to promoting and enhancing diversity and to teaching. Successful candidates must be prepared to begin work on July 1, 2019. **This is a residency program that meets the requirements for board certification by the American College of Veterinary Pathologists.**

The OVDL is AAVLD-accredited and has a diverse case load including domestic, wildlife, aquatic, and laboratory animals. Our stakeholders range from specialty practices and animal producers to pet owners. At the core of our service are integrity, respect, and responsibility. For further information please visit the program website at <http://vetmed.oregonstate.edu/diagnostic/residency>.

Please send your application to: [vet.diagnostic@oregonstate.edu](mailto:vet.diagnostic@oregonstate.edu). Include: (1) letter of application/intent, (2) curriculum vita, and (3) names, addresses (postal and e-mail), and phone numbers of at least three professional references. Please ensure that references are prepared to send their letters of recommendation by October 15, 2018. Questions about the anatomic pathology position can be directed to Dr. Christiane Löhr (541) 737-9673 or email: [christiane.loehr@oregonstate.edu](mailto:christiane.loehr@oregonstate.edu). To ensure full consideration, applications must be received by **October 12, 2018**. Applications will continue to be accepted after the full consideration date, until the position is filled. Oregon State University is an Affirmative Action/Equal Opportunity Employer.
